

## J1 Transition Activity

Our first topic, when we return to school in September, is '**All About Me**' and we'd like you to help prepare your child by making a small collection of things that are important to them.

Below are some questions and ideas to get you thinking but you can use your own ideas too.

- Photos of friends and family members (please label them so we know who they are)
- Places where your child enjoys going
- Things your child likes to eat
- What does your child like the smell of?
- Do they have a favourite toy?
- What songs do they like?
- Have they got a favourite TV programme?
- Do they have any pets?

It's up to you how you share this - You might like to make an all about me book with photos, to write a list or to create a little box of treasures.

It is entirely up to you.

You can email us or send them in with your child in September.
